**Subject:** Re: Wildfire EE public comment period

Gail,

Thanks. The document will be posted at [https://www.colorado.gov/airquality/tech\\_doc\\_repository.aspx#exceptional\\_events](https://www.colorado.gov/airquality/tech_doc_repository.aspx#exceptional_events) sometime this afternoon. Comments will be taken until May 9th. It depends on how many comments we get, but I would like to have the demonstration go to EPA by the end of May at the latest.

Gordon

Hi Gordon, Scott,

Nice presentations today – can you remind me when in May the EE demonstrations go out for public comment? And do you have an estimate of how long it will take to respond to comments and submit them to EPA?

Thanks,

Gail
